About Us

5+ Years of Industrial Legacy

Built on trust with Tier-1 clients like **JSW, Adani, Emmvee Solar**

Integrated MEP Execution

In-house delivery of HVAC, Electrical & Fire Fighting — no subcontracting.

Tech-Driven Efficiency

IoT-enabled HVAC systems with **SCADA/BMS**, energy analytics, and remote diagnostics.

Nationwide AMC Service Teams

skilled technicians, site-based contracts, **24x7** emergency support.

Sustainability First

Green refrigerants, CFC-free PUF panels, and IGBC-ready designs

Zero-Compromise Safety Culture

Trained manpower, full PPE & fall protection up to

Experience

Founded in **2022** and headquartered in **Bangalore**. Magnacool infratech has become synonymous with expertise and well designed engineering solutions, with over experienced professionals

Vision & Growth

Envisioned to become the preferred electromechanical service provider, for commercial and Industrial customer with annual revenues exceeding

Segments

Delivered Electro mechanical solutions for challenging environments in commercial and Industrial segments for leading clients.

Our Vision

Become the preferred electro mechanical service provider, for commercial and Industrial customers, delivering precise and reliable solutions, to create high value for all stake holders.

Our Mission

Achieve Customer delight through on time delivery of well engineered electro mechanical solutions enabled by technical excellence, quality execution and leading EHS practices.

Industries Served

Steel Plants

IT

Commerical Buildings

Defence

Solar

We Offer

- Design and Build services
- Detailed Engineering
- Good for construction drawings
- Project Execution and Project Management
- Preventive Maintenance
- Scheduled monthly/quarterly inspections to prevent breakdowns.
- Corrective Repairs
- Fast response for fault diagnosis and on-site rectification.
- Spare Parts Management
- OEM spares stocked and delivered as per SLA.
- Remote Monitoring
- SCADA/BMS integrated for real-time system health and alerts.
- Energy Optimization
- Continuous monitoring and tuning for maximum efficiency.
- Skilled Technicians located across India.

**Detailed Design Eng.****01**

Fail-proof functionality through rigorous engineering ensuring reliability and precision

In-House Material**02**

On-time delivery to meet project schedule via quality-controlled in-house sourcing

EHS**03**

Speed of execution, zero compromise on man and material safety. Strict safety standards protecting all personnel

Project Execution**04**

Using in-house supervisors and skilled labor ensuring high-quality project execution

Testing & Commissioning**05**

In-house team with stringent commissioning steps ensuring high trouble-free operation

EHS

- Electric vehicle mobility for all service personnel.
- Health insurance for all on-site personnel
- Suitable Safety gear for all personnel
- Daily TBT for on-site personnel
- Regular EHS training
